

# FENCE

The **powder-coated** surface on all **MSUSA LLC** fences is guaranteed against cracking, peeling, chipping, blistering, or corroding under normal and intended usage. Physical damage, abrasion, or severe salt spray exposure to the protective covering are not included in normal and intended usage.

The subject of warranty does not include:

- Product damage caused by the property owner's use of landscaping, gardening tools, potentially harmful pesticides, and/or high-mineral-content water sprinklers;
- Damage caused by letting any type of plant life grow directly on or in touch with any part of the product, including tree sap;
- Any on-site cutting or welding by the property owner; and/or failure to follow any maintenance instructions supplied by **MSUSA LLC** at the time of sale to the original purchaser, even if these instructions are not sent to the final claimant under this guarantee.
- Immediately seal the exposed surfaces after cutting the fence by 1) removing any metal shavings from the cut area. 2) Applying zinc-rich primer to the cut edge and drilled hole and allowing it to dry before applying two (2) coats of custom finish spray paint in the same color as the fence. If you don't seal exposed surfaces according to the steps above, your guarantee will be voided.
- If the contractor utilizes non-**MSUSA LLC** materials or components, the guarantee will be voided.

The length of the warranty is listed in the table below

Application	Length of Warranty
Fence Installations 1 to 5 Mile from Salt Water Coast Line 3 Years	3 Years
Fence Installations 5 Mile to 10 Miles from Salt Water Coast Line 5 Years	5 Years
Fence Installations Over 10 Miles from Salt Water Coast Line 10 Years	10 Year

**Note:** Evidence of historical salt spray exposure, regardless of location or years in operation, will be used to invalidate any warranty obligations.

Failure under the terms of this warranty must be reported in writing to **MSUSA LLC** or our authorized representative, together with proof of purchase, and must include the nature of the fault when it was first noticed, and pictures of current site conditions. This warranty does not cover failure or damage caused by incorrect use or application, abuse or misuse, salt spray exposure (see Table and Note above), vandalism, or acts of God. **MSUSA LLC** reserves the right to inspect the materials to check the claim's validity.

For five (5) years from the original purchase date, the original purchaser has assured reimbursement for work required to repair and/or replace components that have been declared faulty under the provisions of this warranty. **MSUSA LLC** maintains the right to hire a qualified firm or individual to repair or replace any components that are considered faulty under the provisions of this warranty.
